NO. 233.

SPRING POLITICAL BEE BEGINS WORK

DEMOCRATS, REPUBLICANS NOMINATE TOWNSHIP CANDIDATES MARCH 20.

EACH TO SELECT 11 FOR VOTE, MARCH 30

Two Parties Meet Almost Jointly—Five Would Be Polk Tax Collector, Two Assessors.

After some vexatious delays the time for holding the spring political caucuses of the Republicans and Democrats of Polk township, has been agreed upon as a result, the two parties will meet almost jointly to pick their candidates. The chairman of each of the parties had set the time for 2 o'clock, Saturday afternoon, March 20, in the circuit court room of the court house.

The Democrats really had established that time and place first, but because of failure to make such an announcement, the Republicans also agreed to the same thing. The matter has been settled, in that the loyal Republicans of Polk will meet promptly at 1:30 o'clock and quickly pick their eleven candidates for township offices. They will then give way, not later than 2:30 o'clock to the Democrats, according to announcement made this morning by John M. Dawson, chairman of the Democratic committee.

To Fill 11 Offices.
The township election, which is to be held Tuesday, March 30, will be to select two members of the township board, besides a trustee, an assessor, a collector, a constable and five justices of the peace. Only seven announcements have so far been made for township offices, five of them being for collector and two for assessor. Five are Democrats and two are Republicans.

They are W. L. Robey, J. H. Thorp and W. A. Burris, Democratic candidates for collector of Polk township, and Ed F. Hamlin and E. E. Tilton, Democratic candidates for assessor. The only Republicans who have announced are Clarence Green and C. L. Gann for collector.

The present township officers are: Harvey Balmum, trustee, Ernest Wray and E. P. Powell, members of the township board; Ed F. Hamlin, assessor; F. S. Grundy, collector; Richard Snyder, constable; R. L. McDougal and Warren L. Johnson, qualified justices of the peace.

New Township Board Promised.
While no official announcement has been made, it is said that none of the present members of the township board will seek re-nomination. Mr. Grundy will not again seek election as township collector, either, it is said. Mr. Hamlin, present assessor, is again a candidate.

Mr. Snyder, will accept nomination again as candidate for constable, as will also Mr. McDougal and Mr. Johnson for justices of the peace. The majority of the Polk township officers are Democrats.

The two political parties of Nodaway county will also hold caucuses to nominate candidates for other townships within the next three weeks.

SPRING NORMAL TERM BEGINS.

Final Quarter Opens Today—Next Vacation April 2 to 6, Easter.

The spring quarter of the State Normal School was begun this morning with about the same number of students as were enrolled for the winter term which closed last Friday. A few of the winter and fall term students are not enrolled for the final quarter, but new enrollments made up for the decrease.

The next vacation the Normal students will enjoy will be the Easter recess which begins with the close of school Thursday afternoon, April 2, and continues until Tuesday afternoon April 6. The spring term will formally close, May 21, though little class work will be done after May 15.

WOODMEN TEAMS TO ST. JOE

W. O. W. and Circle Drill Squads to Compete for Fraternal Honors Today.

The drill teams of the Woodmen of the World camp and the drill team of women of the Woodmen Circle grove each with a full quota of sixteen and uniformed, left this morning for St. Joseph, where they will compete today for prizes in the Fraternal week competitive drills. Teams from various fraternal lodges will contest, many coming for many miles to enter.

The drill contests which the Maryville teams will enter, will begin about 3:30 o'clock this afternoon. Both will be captained by Ezra Phipps, though Chester Bennett was recently chosen captain of the W. O. W. team.

WOULD JOIN COUNTY LINES

Will Be Discussed at Annual Meeting of People's Union Here March 13.

A proposition to form a union of the various exchanges to better telephone service over Nodaway county will probably be discussed and some action probably taken in this regard, at the annual meeting of the People's Telephone Union, to be held in the circuit court room of the courthouse here, Saturday, March 13. Officers for the ensuing year will also be elected at that time.

The present officers are: W. O. Garrett, president; A. H. Hughes, secretary; Alfred Shackelford, treasurer. As Mr. Shackelford is preparing to move to Tarkio, he will not seek re-election.

The Union was in fairly good financial condition until the recent snow and wind storm, which broke many wires and dragged down poles, causing an estimated loss of several hundred dollars. Service is nearly normal again, however.

D. S. HOLMES DEAD.

Had Been Resident of County 51 Years To Hold Funeral Thursday.

D. S. Holmes, aged 82, died at 12:25 o'clock this morning at the family residence on West Second street, his death following a six months illness with paralysis.

The funeral services will be held at 1:30 o'clock Thursday afternoon at the First Methodist church, conducted by the Rev. Gilbert S. Cox. The interment will be made in Oak Hill cemetery.

Mr. Holmes was born October 5, 1833 in Highland county, Ohio. In 1856 he was married to Miss Sarah M. Cox. Ten children were born to this marriage. Three died in infancy and the others with the exception of three have died since that time. The surviving children are H. C. Holmes of Portland, Ore., Mrs. A. Mitchell of Elkhart, Texas, and Mrs. G. H. Hargrave, of Barnard. One daughter, Mrs. Francis Hunt, died a few years ago at Lamar, Colo.

On May 4, 1893 Mr. Holmes was married to Mrs. M. E. Craig of Skidmore who survives him.

Mr. Holmes had been a resident of Nodaway county since 1864. For a few years he lived on a farm and the remainder of the time in Maryville.

TO VISIT HERE ON RETURN.

Homer Croy and Bride Pass Through to Pacific Next Week—Stop in April.

Homer Croy, Maryville's contribution to the motion picture and journalistic world, and his newly found bride, will leave New York City for California next Monday morning, according to word received here by A. J. Croy, the father of the prodigy. They will go in a special train filled with authors, humorists and motion picture stars to see the San Francisco and San Diego expositions.

On account of it being a through train with no stops, Mr. and Mrs. Homer Croy will not stop here to visit Homer's parents at that time. They will stop off in Maryville on their return to New York City the latter part of this month or the first of April, however, it is said.

Miss Nelle Hudson, one of the city school teachers, is ill with a severe attack of grip.

SCORE WILFUL SIN

CHRISTIAN EVANGELIST EXPLAINS THE "UNPARDONABLE" CRIMES

WAS DEATH NECESSARY?

Charles Finch Will Give Views Tonight on Necessity of Christ's Sacrifices. Special Music Planned.

At the conclusion of the revival services at the First Christian church last night the ordinance of baptism was administered to a number of converts. The feature of the musical program was the singing of a duet by Mrs. R. L. Finch and Harry O. Fritz.

The topic for tonight from which the evangelist, the Rev. Charles O. Finch, will preach is, "Why Was It Necessary That Christ Should Die?" Last night the Rev. Mr. Finch spoke from the subject, "The Unpardonable Sin," saying in part:

The Personality of the Spirit.

"The question of the unpardonable sin is a question of the personality, office and work of the Holy Spirit. Let an individual understand that and there is no difficulty with the other.

"Many have thought that because they referred His power to evil sources saying that He cast out demons by being in league with the devil that this was the sin against the Holy Spirit. But if they had committed that sin in this charge Jesus on the cross would not have prayed for their forgiveness.

"I cannot sin against a ruler unless he is a ruler. I cannot break a law given by man who has never given a law. Neither can I sin against the Holy Spirit until the Holy Spirit has forbidden some sin.

The Christian Dispensation.

"Jesus was not yet glorified. His glorification follows His ascension. The age of the Spirit began then when the Spirit came. This occurred on the day of Pentecost when the Spirit used the Apostles as the medium through which His will was revealed. No one therefore, could have sinned against the Holy Spirit until the Spirit's rule began. Moreover, whatsoever they did that is to say, in what ever manner they legislated for men on earth their acts should be confirmed in heaven.

The above shows how definitely the Spirit's reign was to be established so that all the letters to the churches appear as the words of the Spirit from the mouths of inspired men. When ever we break any one of their commands we sin against the Holy Spirit.

The Unpardonable Sin.

"Any sin, therefore, may become the unpardonable sin if by continual committing, it becomes wilful disobedience to God. The Holy Spirit forbids stealing, lying, blasphemy, jealousy, drunkenness, adultery, covetousness, false witness, gambling besides many sins of commission and omission which surrender ones life to the service of the devil instead of God.

Any one of these sins may make a rebel against God of any man. For the man who is not a Christian the employment of sin then is failure to accept Christ; for the back-sliding it is sinning wilfully after one has come to the knowledge of the truth for then as the Apostle says, 'There remaineth no more sacrifice for sin.'

WON'T BE SPECIAL SESSION

Governor Major Declares He Will Not Reconvene Legislature Under Any Circumstances.

There will be no special session of the state legislature, even if it does not pass another measure, before adjournment March 15, according to an announcement made yesterday by Governor Major in St. Louis.

"They've got plenty of time in which to pass the constructive legislation needed, and if they are unable to do this in 70 days, they would be no better able to do it at a special session," the Governor declared. "Under no circumstances will I convene a special session, and that power rests with me alone."

Only 14 working days of the present session remain, and so meager is the chance that much of the important legislation can be reached in this period that the talk of an extra session has been given considerable credence.

Miss Mary Lynch of St. Louis, arrived in Maryville last night and will be employed by Miss Marie Byers as trimmer for the Style Shop during the spring season.

STATE AID \$16,180

NODAWAY SHOULD RECEIVE SUM FOR BRIDGE WORK 1914.

PLAN NEW CULVERTS

Retiring Highway Engineer Says Material Valued at \$2,191.74 Remains Suggests New Work.

A total of \$16,179.95 was expended by Nodaway county during 1914 for permanent bridge work, which should be duplicated by the state out of the State Aid Fund, according to the final report of John H. Clary, retiring county highway engineer, which was made today to the county court.

It will be necessary for the county board to complete plans, specifications and reports in duplicate, and submit certified copies of these to the state auditor before July 1, however, before such requisition will be made, Mr. Clary says.

The county now has on hand supplies tools and material of an estimated value of \$2,191.74, according to Clary's report.

Continuing the report, relative to state aid possible, Clary says:

"Those bridges and culverts costing more than \$500 must have the plans approved by the state highway commissioner complete at this time and the information is available for the balance. Plans of the other work planned for 1914 and 1915 should be included in this requisition as a part of this improvement plan.

"The following culverts with approximate location and township were contemplated for 1914 but are as yet uncompleted. All or part of the material is now on the ground. They are at Enzley Buzzard's, Atchison; Mart Young's Hopkins; Ozoro Gray's Hopkins; one mile south of Pickering; George Barber's 1 1/2 miles west of Parnell; two miles east and 1/2 mile south of Gaynor City; Preston Seafar's 1/2 mile west of Harmony, Jackson township; Samuel Griffey's, Jackson; Solomon Hawk's, Washington, and W. F. Westfall's corner, White Cloud.

Plans are also under way, according to Clary, for the removal of the steel bridge from near the farm of Solomon Hawk to that of Wallace Moore in Washington township, and at the Westfall corner to J. Wares, in White Cloud township.

"There are a number of other bridges and culverts which need immediate attention," concludes Mr. Clary.

MRS. DEARING BURIED.

Funeral Services Held At Barnard — Body Taken to Oklahoma.

The funeral services for Mrs. Mary Dearing of Barnard, who died Thursday, were held at 2 o'clock yesterday at the Dearing home, conducted by the Rev. Lewis M. Hale, pastor of the First Baptist church. The body was taken to Kingfisher, Okla., where it will be interred beside that of her husband, who died a number of years ago.

Mrs. Dearing was born in Page county, Va., September 23, 1824. After her marriage to Mr. Dearing in 1848, they came to Missouri to live. Mr. Dearing established the Barnard bank and remained at president of the institution until 1893 when they moved to Kingfisher, Okla.

After Mr. Dearing's death in 1889, Mrs. Dearing returned to Barnard to live. Mrs. Dearing was a devoted member of the Baptist church. Two of her brothers were Baptist ministers, both having lived in Maryville and preached in churches there in surrounding towns. One brother, the Rev. J. S. F. Wood, is now a resident of Santa Ana, Calif.

Beside four children of her own, Mrs. Dearing reared three of her brother's children, who were left motherless when very small. The children are J. A. Dearing, of Shawnee, Okla., M. G. Dearing of Hennessy, Okla., Mrs. J. F. Pruynne and Mrs. Emma Kerfoot of Wichita, Kan., C. L. Wood, one of the adopted children, living at Alzada, Mont., came to attend the funeral and accompanied the others of the family to Kingfisher.

NAME ROAD COMMISSIONERS

Court Places J. W. Praisewater, Burlington, and Andrew Billey, Clyde, on County Board.

J. W. Praisewater of Burlington Junction, formerly representative and Andrew Billey, who lives east of the Catholic convent at Clyde, were appointed on the Nodaway county highway commission by the county court yesterday afternoon to replace vacancies. They will succeed E. H. Balmum of Maryville, president of the commission, who resigned last week on account of lack of time to give to the work, and Samuel Conlin until recently of Barnard, who has moved to Pasadena, Cal.

Their terms would have expired in April, each being appointed for two years, when the county commission was established two years ago. The other member was John H. Clary, county highway engineer. He is succeeded automatically this week by J. E. Reese, newly appointed highway engineer.

The new members will elect a president and secretary soon, in place of Balmum and Clary.

DESERTED; SEEKS DIVORCE.

Frank Schaffer Says Wife Left Him After Two Years.

A suit for divorce on the grounds of abandonment, was filed in circuit court this morning by Frank Schaffer, whom he says he married in Omaha, December 19, 1907. She left him January 2, 1910, he claims.

BURLINGTON RESIDENT DEAD.

Funeral Services for August Geise to Be Held Tomorrow.

The funeral services for August C. Geise of Burlington Junction, who died yesterday, will be held at 2 o'clock tomorrow afternoon at the family home conducted by the Rev. W. H. Rust.

Mr. Geise had been a resident of Burlington Junction for the past twenty five years. He is survived by a wife.

S. K. McBRIDE WANTS DIVORCE.

Husband of Former Mary Saunders, Alleges She Has Neglected Duties.

A suit for divorce on the grounds of desertion and neglect of duties, was filed in circuit court late yesterday afternoon by Sylvester K. McBride of this county, against Mary L. McBride, now of Rushville. Her maiden name was Saunders.

They lived together, he claims, but seventeen days, being married December 28, 1914, and separating January 14, 1915.

BURKE RITES HELD.

Services at St. Benedict's Church, Clyde, Yesterday Morning.

The funeral services for Mrs. John Burke of Clyde, who died Saturday, were held at nine o'clock yesterday morning at St. Benedict's church. The interment was made in Columbia cemetery.

Mrs. Burke was born in 1832 in Limerick county, Ireland. She is survived by her husband and seven children. The children are John of Gilman City, Thomas of St. Joseph, Michael of New York, Mrs. J. P. Smith and Mrs. Doyle of St. Joseph and the Misses Mary and Josephine Burke of Clyde.

TELEGRAMS SHOW FILING TIME

Western Union Abandons Code System for Public Noting, Free.

Beginning yesterday all telegraph messages transmitted by the Western Union Telegraph Company will bear the hour at which it was filed at the sending station, and will be sent over the wire free of charge.

The Western Union for some time has used a secret code of filing time between stations for checking purposes. The improvement in service was so marked that it was made permanent. Several states have by law compelled messages to bear filing time and a charge was made for that service. The company decided last week to abolish the code and take off the charges of the service, and telegraphic notice of the change was sent over the entire Western Union system yesterday.

Mr. and Mrs. B. B. Staples and Mrs. N. I. Staples of Burlington Junction, spent the day visiting friends in Maryville.

Frank McKee and family of Barnard, were shopping in Maryville today.

RESUME ATTACK ON DARDANELLES

ALLIES AGAIN BOMBARD TURKISH FORTS—DESTROY BATTERIES.

RUSS TOOK 11,000 GERMANS IN RETREAT

Many Teutons Taken Prisoners When They Flee From Przrasnyz—Romania to Aid Triple Entente.

By American Press.

Paris, March 2.—The Allies have resumed the bombardment of the inner forts of the Dardanelle straits this morning, after a day's delay on account of bad weather. Several batteries of the Turks have already been destroyed and the fight for advancement towards Constantinople continues slowly.

Fear among the Turkish people continues to increase as the enemy draws nearer, it is reported from Athens, and riots are numerous. A strong resistance will be met, it is believed, however, before the Allies can gain the sea of Marmaros.

Special to the Democrat-Forum.

Paris via London, March 2.—An engagement has been reached between France, Great Britain and Russia regarding the future status of the Dardanelles, according to the Temps. This would give Russia free passage of the Turkish straits, and would permit of the shipment of withheld grains on the Black Sea.

By American Press.

Petrograd, March 2.—The Russians claim that 11,000 German prisoners have been taken in the pursuit of the Germans from Przrasnyz. The Russians also have begun another offensive movement against the Teutons in Galicia and Bukowina, it is reported.

Special to Democrat-Forum.

Paris, March 2.—The Roumanian government is preparing to enter the war on the side of the Allies, according to a dispatch from Bucharest. The Balkan country probably would enter the field about April 1. Ten classes of reserves have already been called out for March 13, and seniors in military colleges have entered the regular ranks.

WEDS WOMAN SECOND TIME

Dr. J. E. Neely, Elmo, Marries One For Which He Went to "Pen."

Dr. J. E. Neely, a physician of Elmo, who was convicted and sentenced to the state penitentiary in circuit court here, in October, 1913, charged with having married Miss Bessie K. Williams of Plattsburg, illegally, was remarried to Miss Williams yesterday on his release from the penitentiary. The marriage was performed at Jefferson City, by the state chaplain.

Dr. Neely asserted on the stand here, in his trial for bigamy that he married Miss Williams, believing that his first wife had obtained a divorce. Dr. Neely will return to Elmo and resume his medical practice, according to a letter received Sunday from Dr. Neely by the Democrat-Forum.

He was sentenced to the penitentiary for two years but was pardoned yesterday by Governor Major, thereby cutting off seven months of his allotted time. Dr. Neely had been held in high esteem by the citizens of Elmo.

The pardon to Dr. Neely was granted by Governor Major because of the Elmo physician's good work while there and because of the valuable medical services he rendered to the convicts in the penitentiary.

In his letter to the Democrat-Forum Sunday, Dr. Neely paid high compliments to the welcome which the local paper received in the prison and of its aid in keeping him hopeful and cheerful, through the long wait for freedom.

PROVIDES COUNTY AUDITORS.

State Bill Enacted to Compel Inspection of Officials Books Every 4 Years.

A bill requiring the state auditor to make an audit of the books of every county and of every state institution, including the university, every four years has been engrossed in the house of the state legislature. The bill gives him authority to appoint twelve field examiners to travel over the state and make the audit.

A bill passed two years ago required an audit of state institutions and authorized a county audit on petition of the county court of three hundred taxpayers. The bill as drawn by Auditor Gordon provides for a compulsory audit in each county.

It provides the county shall pay \$3.50 a day for each examiner and the state that amount into the fund to pay the expenses of the work. The house voted 65 to 55 to engross the bill, indicating that the measure will have a close vote on final passage.

EMBARGO ON ALL SHIPPING

England Closes Teuton Ports to Rest of World.

NO RISK TO NEUTRAL VESSELS

Allies Have No Intention of Confiscating Ships or Cargoes Except in Case of Liability—No Time Now to Talk of Peace, Says Asquith.

WAR SUMMARY

The plan of Great Britain and its allies to cut off supplies from Germany and prevent commodities from leaving German ports has been announced and communicated to the United States. This is in retaliation for the declaration of Germany of a naval war zone.

Washington will protest against the action of the allied nations, which is regarded as an unprecedented and novel step and one likely to work injury to commerce between the United States and the countries with which it is at peace.

The British parliament voted \$1,810,000,000 asked by Premier Asquith for the prosecution of the war.

An agreement that will give Russia free passage of the Dardanelles has been reached between Great Britain, France and Russia.

Storms hinder operations in France and Belgium.

London, March 2.—The vote of credit asked by the government, \$250,000,000, the largest ever put before the house of commons, was adopted unanimously.

The establishment of a virtual blockade of hostile countries is Britain's reply to Germany's attacks on merchant shipping, as announced officially by Premier Asquith in a momentous speech in the house of commons.

The plan of the allied governments for the regulation of shipping to and from ports of hostile nations contemplates the prevention of commodities of every kind reaching or leaving those ports, without, however, involving risks of neutral vessels or their crews. The allies will hold themselves at liberty to capture goods presumed to have come from hostile countries or deemed to be destined for them. They have no intention, however, of confiscating ships or cargoes which are detained, unless they are liable to confiscation under normal conditions of war.

Referring to the German naval campaign against British shipping, Premier Asquith declared that Germany had violated systematically all the conventions intended for the mitigation of warfare. It had taken further steps, the premier said, by organizing "an under-sea campaign of piracy and pillage." Germany, he declared, was not blockading and could never blockade English shores.

Referring to what he termed whippers of peace, Mr. Asquith said it was not time to talk of peace; that this time would arrive "only when the great purpose of the allies is in sight of accomplishment."

Referring to the attack on the Dardanelles, the premier said there had been no impairment of strength of the allies in France or in Flanders as a result of withdrawals of men for service in the campaign against Turkey.

Protest to Be Made.

Washington, March 2.—The impression was general in official quarters that a strong protest would be made against the action of the allies, which was regarded as an unprecedented and novel step. Officials pointed out that in the reprisals which the belligerents were making toward each other there was a singular forgetfulness of the fact that whatever might be the violations of international custom as between those countries at war, this would not affect the status of international rules as between the United States and countries with which it was at peace.

HINDENBURG ARMY IS SPLIT

Petrograd Dispatch Says German Forces in East Prussia Divided.

London, March 2.—A Russian cavalry movement succeeded in cutting the German East Prussian army in two at the village of Krasnoli, says the Daily News correspondent at Petrograd. The Germans are now divided into two parts, with a considerable gap between them.

The main Austrian army also is in a dangerous position, owing to the sudden offensive taken by the Russians in Galicia. The Russian force made a rapid advance and threatened the main Austrian headquarters near Stanislaw and the Austrians are now retreating through Kolomea toward Bukovina.

GERMAN REPORT ON PROGRESS OF WAR

Berlin Claims French Are Using Poisonous Gas.

Berlin, March 2.—The official announcement on the progress of the war given out in Berlin says:

"Western arena: Near Wervico, north of Lille, an English flying machine has been forced to descend by our fire. At a certain part of our front the French have made use, as they have done on previous occasions, of a particular kind of shell which on exploding throws out evil smelling and poisonous gases, which, however, do no damage.

"Our positions in the Champagne country were repeatedly attacked by at least two army corps. These forces were repulsed after fierce fighting at close quarters. In the Argonne we captured mine throwers. Between the eastern border of the Argonne and Vauquois the French made five attempts to break through our lines. All these attacks were broken down, with heavy losses to the enemy.

"The positions which we have occupied to the southwest of Balonvillers have been retained in spite of the attempts of the enemy to recapture them.

"Eastern arena: We repulsed Russian attacks north of Consha and northwest of Petrolenka. Otherwise there was nothing of importance to report."

VIOLATED CUSTOM LAWS

Hamburg-American Line Indicted on Conspiracy Charge.

New York, March 2.—The federal grand jury which has been investigating violations of the customs laws in connection with the furnishing of supplies to German cruisers in the Atlantic returned an indictment against the Hamburg-American line and six men alleged to have been connected with the shipment.

The indictment charges conspiracy to defraud the government through filing at the customs house of false records, false clearances of vessels and false manifests of cargoes. The men named in the indictment are Earl Bunz, director in charge of the Hamburg line; J. Poppenhausen, who served as supercargo on the steamship Berwind; George Kotter, Felix Seffner and Adolph MacMeister.

Villa Takes San Mateo.

El Paso, March 2.—A battle between Villa and Carranza troops at San Mateo, Chihuahua, and the capture of Acambaro, Guanajuato state, is reported in a brief telegram signed by Francisco Villa received here.

AMERICAN SETTLERS IN CANADA LOYAL

Ottawa, Ont., March 2.—William A. Buchanan, member of the Dominion house of commons from Lethbridge, Alberta, declared in parliament that "the thousands of American settlers who have come into western Canada in the last few years are absolutely loyal to the British empire and in thorough sympathy with the efforts of England and its allies to overthrow the power of Prussian militarism."

"We who live in the west," Mr. Buchanan added, "have found that the Americans are as willing as the Canadian or the British born to contribute their means and to send their sons to help England win. Recently there has been a striking demonstration of this loyalty. In Lethbridge, Alberta, the town in which I live, a troop of mounted rifles has been organized for service at the front. There are six officers in the troop and every one of the six officers is a native born American. In the ranks of the troopers there are many more Americans."

AMOLOX THE NEW DISCOVERY

Many Cures Reported Daily in Towns Where It Is Known.

The wonderful cures that are being made by this remarkable new remedy are almost beyond belief.

A young lady from Ottumwa, Iowa, for many years suffered from a bad case of eczema. Her face was a sight to behold; all covered with red blotches, pustules and pimples. So unsightly was her appearance she gave up all social life. Failing to find relief with doctors and remedies, she became despondent and discouraged. After a few weeks' treatment with liquid and ointment the scaly redness disappeared, pustules healed and she was entirely cured. A few months following her mother wrote that Amolox had done wonders for her daughter, and she was married last week.

This is only one of the many cases that are being reported in towns where Amolox has been introduced and its merits have become known. Amolox Ointment will quickly banish pimples, blackheads and all minor skin troubles. Bad cases of Eczema, Psoriasis, Tetter and skin diseases lasting for years, should use both ointment and liquid to effect a cure. Trial size, 50c. Guaranteed by Orear-Henry Drug Co.

GUARD AGAINST DISEASE.

Veterinarians Watch Vigilantly to Keep Stock Maladies Out—Nodaway Men at Work.

The State of Missouri is guarded like a camp in a hostile country; the borders are patrolled, and not a cow can come into the state without a clean bill of health says an article in the St. Joseph Gazette.

For the state is on guard, not against a human enemy, but against the foot and mouth disease, and every possible precaution is being taken to keep the malady out. Not even a mover with a single old cow could cross the bridge across the Missouri river at St. Joseph without being challenged, and the watch at other river points is just as strict. There are thirty veterinarians on the job, and persons who have tested their vigilance, have found them on the job.

Curious Must Pay.

One such person attempted to ship cattle from Iowa to Missouri markets, and woke up to discover his shipment held up in the yards at Gault and himself under arrest. The matter ended by his taking a \$50 fine and being glad to ship his cattle back into Iowa. Prior to that he had boasted that he could evade the quarantine against his state.

The patrol was thrown around the north half of the state February 12, and was airtight within twenty-four hours after the legislature had created an emergency fund of \$5,000 for that purpose. There now is a bill before the assembly to create an additional emergency fund of \$100,000 to be used on proclamation of the governor and for the purpose of stamping out an epidemic, should one break out. This is in addition to the bill raising the maximum indemnity to \$40 for scrub stock and \$200 for pure breeds where the state has to step in and kill the animals.

Danger Still Exists.

While the state has now got the situation pretty well in hand and the authorities are breathing a little freer,

there is still a great menace from the disease. On three sides of the state epidemics are raging, and it will take the strictest sort of watch to keep the state free.

Occasionally the reports are reaching the officials that the malady has made its appearance, but so far these all have been found to concern a dis-

ease that results from moldy silage, and which has similarly premonitory symptoms.

Illinois has appropriated \$1,000,000 to fight the disease and Kansas has a fund of \$250,000, so that Missouri will not, even if its bill passes, be so well equipped with money as it probably ought to be.

Market Livestock.

The following Nodaway county farmers shipped marketed livestock in St. Joseph yesterday: Ramey & Co., Arkos and J. W. Milbank, Clearmont.

FORT DARDANUS IS SILENCED

Fleet of Allies Twelve Miles Up Dardanelles.

WEATHER DELAYS OPERATIONS

Serious Rioting Suppressed in Turkish Capital After Many Arrests Are Made—One Marine on Battleship Vengeance Killed.

London, March 2.—According to the Daily Mail's Athens correspondent Fort Dardanus, twelve miles up the Dardanelles, on the Asiatic side, has been silenced by the allied fleet.

The correspondent adds that diplomatic reports from Constantinople indicate that serious rioting there was suppressed after many arrests had been made.

An admiralty report says that one marine was killed and three were wounded on the British battleship Vengeance in the attack on the Dardanelles forts.

The attack of the allied fleet on the Dardanelles has been interrupted. The British information bureau issued a statement saying that the operations were being delayed by bad weather.

The statement follows: "The secretary of the admiralty makes the following announcement: The operations in the Dardanelles are again delayed by unfavorable weather. A strong northeasterly gale is blowing, with rain and mist, which would render long range fire and aeroplane observation difficult."

TSAMPING OUT STOCK PLAGUE

Illinois Is Greatest Sufferer From Foot and Mouth Disease.

Chicago, March 2.—Federal and state officials expect to stamp out the foot and mouth disease in Illinois by the end of the present week, when the last infected animals will be slaughtered.

But five herds remain to be killed. Bills appropriating \$5,000,000 to reimburse owners has been introduced in the legislature.

Figures compiled by the United States bureau of animal industry, showing the situation regarding the foot and mouth disease in the different states affected as existing Feb. 16, proved Illinois to have been the greatest sufferer. Illinois, according to the report, had fifty-one infected counties, 658 infected herds, 22,950 cattle, 680 sheep, 27,840 swine, a total of 51,482 infected animals.

SELL WHEAT AND EAT CORN

Patten Tells Los Angeles Audience Farmers Should Take War Prices.

Los Angeles, March 2.—"Let the United States sell all its wheat to Europe at war prices and get rich."

This was the suggestion of James A. Patten of Chicago. He says America can get along without any wheat, because corn is as nourishing and just as easy to cultivate.

According to Patten, the price of bread in the United States during the next few months depends on the battle in the Dardanelles.

Wife of Stegler Is Discharged.

New York, March 2.—Mrs. Richard P. Stegler, arrested at the Grenoble hotel on a charge of felonious assault, made by Arthur Matelket, reporter for a German newspaper, was discharged later in the police court. Had certain evidence been made more definite, the magistrate said, he would have been inclined to send her accuser to the workhouse.

Wilson Signs Pension Bill.

Washington, March 2.—President Wilson signed the pension appropriation bill, carrying \$164,000,000. It was the first of the large appropriation bills to reach the president.

MARCH IS LIKE A LAMB.

Spring Like Weather Ushers in Month—Indicates Bad Ending Accord.

If tradition is to be believed, March will end like a lion, with blizzards, snows and cold breezes predominating this year. For the month came into existence in Maryville yesterday with all the glad rags of springtime showing. Though snow and ice showed on the landscape and streets the high temperature of the day and balmy air suggested more of spring than of winter. The maximum temperature was 40 degrees above and the minimum was 22 degrees below zero, yesterday.

But today, indications for a continuance of the springlike weather are not so good, and the lion may already be chasing the lamb.

WOULD BE SUDAN KING.

James Pistole, Hopkins Banker, Becomes Enthusiast Over New Forage Crop.

James C. Pistole, cashier of the Farmers and Merchants bank of Hopkins, has become a raving enthusiast over Sudan grass, the new forage crop, which just now is being so exploited in the Southwest, according to the Hopkins Journal.

Mr. Pistole owns considerable land near Hopkins and has one small tract where the big red barn stands at the west edge of the city where he expects to make "his killing."

Sudan grass is what he expects to grow and as the seed comes at about \$2 a pound, he will begin in a small way. The seed comes from the Sudan Islands and has been tried out and proven "worth its weight in gold" in this country.

Henry Field, the Shenandoah seed man, sowed a half pound of it on two-fifths of an acre last season and threshed over 300 pounds of grass seed and as it sells as above stated at a big price, it will be seen that he made good money. Mr. Pistole has a pound of the seed and ought to be able to raise at least 600 pounds of the seed the first year on an acre of ground so if he gets \$2 a pound for it, twelve hundred dollars will be fair return for an acre of ground and his original pound of seed.

When it is sown to produce hay or fodder crop, of course more seed is sown to the acre.

Seriously this crop promises to become very popular in this country as it will grow on any kind of soil. It is a cross between our millet and cane and has about the same feeding value as timothy hay, so when it is known that it yields from three to eight tons to the acre, it can't help but become popular.

It is a great drought resister and is about as sure a crop as millet. It is different from alfalfa as it kills out in the winter and the ground has to be re-

seeded each time a crop is produced. Many farmers of the south and west believe this is the only crop, even placing it ahead of alfalfa from a dollar and cents standpoint.

Resolved that we endorse the administrations of both state and national officers and pledge them our support and co-operation.

Resolved that we favor national aid for roads and road building, and that we favor the more extended use of the King road drag or similar implement in road improvement.

Resolved that we oppose the practice of county courts in extending the time for working the roads and favor all work being done in time to allow the roads to pack before winter.

HOGS AND SHEEP PRICES UP

Cattle Sell Lower in Kansas City, Though Outlook in Livestock Is Reported Good.

Kansas City Stock Yards, March 1.—Fat cattle sold 30 to 50 cents higher last week, but there was some slowness at the end of the week, with prices a shade lower. Stockers and feeders found a good outlet at strong prices all week, practically as good as at any time since the first of the year. Receipts today are 11,000 head. Market steady to 10 cents lower on

fat cattle, and steady to unevenly higher on stockers and feeders.

Iowa is closed to stock cattle from this market, but otherwise there is a clear field, with minor exceptions, and the trade is on a healthy basis. This condition is a help to the whole market, it being a notable fact that when stocker and feeder trade was at its lowest point recently, then fat cattle were also at their low point. The main reason for weakness in fat cattle today is a large supply at Chicago, where the movement in shipping fat cattle east is still hampered.

Some native steers brought \$8.50 here last week, but nothing prime is here today, and the top is \$8.25, bulk of native steers \$7.25 to \$8.25, cows \$5.50 to \$6.50, calves \$7.50 to \$10.75, stockers and feeders largely \$6.50 to \$7.60. Some Colorado bulls sold at \$5.90, and quarantine steers at \$6.40 to \$6.80 were called steady. Good quar-

antines weighing 1,150 pounds are worth around \$7.25.

Hog receipts today are 13,000 head. Market 5 cents higher, top \$6.75, bulk \$6.60 to \$6.70. Order buyers paid the top prices for their hogs, packers stopping at \$6.70. Receipts are not burdensome, and there is a feeling that the price may advance, small stocks of lard pointing that way, together with expectation of smaller supplies of hogs at markets in the east. There is room for expansion of the export trade, and also the Southern trade and should either or both of these channels open up, advances will be inevitable.

Sheep and lambs made strong gains last week, and are selling 10 cents higher today. Bulk of the lambs sold at \$9.25 to \$9.35, top price being paid for some 97 pound lambs from Ft. Collins. Yearlings brought \$7.75 to \$8.35, ewes \$6.75 to \$7.20, new high prices for this year.

Receipts were 12,500 today, and moderate supplies in sight for balance of the week. Packers are selling all the by-products at record prices, especially wool, hence their willingness to pay the present range of prices highest on record for this time of the year.

KAISER'S ANSWER IS A MODIFIED ONE

Germany's Reply to United States Partially an Acceptance.

Berlin, March 2.—Germany's reply to the American note concerning the naval war zone was handed to Ambassador Gerard.

The foreign office characterizes the German reply as "acceptance with modifications" of the American proposals. The reply suggests that, in accordance with the principles of international law, the importation should be permitted not only of foodstuffs, but also of such raw materials as are urgently necessary for the peaceful civilian population.

KITCHENER AUTHOR OF HOAX

Originated Story of Russians Passing Through England.

London, March 2.—The famous hoax of the first weeks of war, when a body of Russian soldiers, said to number 100,000 to 200,000 men, was reported to have circled around from Archangel, landed in Scottish ports and been shipped through at night to reinforce the British force in France, originated with Lord Kitchener himself, according to a statement made by a British officer.

The Russian story, says the British officer, was designed to impress the German commanders in Belgium and northern France and to keep them in fear of a surprise either in the rear or on the western flank. It accomplished its purpose, for this dread was real among the German staff and accounts to some extent for the retreat of General von Kluck from Paris.

Roads Fined For Neglecting Cattle.

Washington, March 2.—Fines totaling \$3,500 were imposed on railroads in January for violations of the law which forbids the confinement of live stock for more than twenty-eight hours without unloading for feed, water and rest. During January railroads were fined \$5,000 for violations of the live stock quarantine law.

Chicago Opera Company Bankrupt.

Chicago, March 2.—The Chicago Grand Opera company filed a voluntary petition in bankruptcy, scheduling liabilities of \$264,400 and assets of \$61,500. Lack of attendance at the operas presented by the company was given as one of the contributing causes.

Republicans Block Shipping Measure.

Washington, March 2.—House Republicans filibustered the administration ship bill of the program probably for the remaining two days of the session.

MASKED BANDITS ROB MISSOURI BANK

Williamsville, Mo., March 2.—The president, cashier and three directors, one of them a woman, of the Williamsville State bank were locked in the bank vault by two masked robbers, who escaped with loot of about \$1,500 in cash. Bloodhounds and a large posse started in pursuit.

As the robbers fled they were showered with buckshot from the shotgun of a jeweler in the building, who heard the calls of the imprisoned directors. One of the robbers threw up his hands and stumbled as though wounded. The prisoners in the vault were soon released.

DAILY DEMOCRAT-FORUM

LARGEST CIRCULATION OF ANY DAILY PAPER IN ANY MISSOURI TOWN OF 5000 POPULATION

VOLUME 5.

MARYVILLE, MISSOURI, TUESDAY, MARCH 2, 1915.

NO. 233.

SPRING POLITICAL BEE BEGINS WORK

DEMOCRATS, REPUBLICANS NOMINATE TOWNSHIP CANDIDATES MARCH 20.

EACH TO SELECT 11 FOR VOTE, MARCH 30

Two Parties Meet Almost Jointly—Five Would Be Polk Tax Collector, Two Assessor.

After some vexatious delays the time for holding the spring political caucuses of the Republicans and Democrats of Polk township, has been agreed upon as a result, the two parties will meet almost jointly to pick their candidates. The chairman of each of the parties had set the time for 2 o'clock, Saturday afternoon, March 20, in the circuit court room of the court house.

The Democrats really had established that time and place first, but because of failure to make such an announcement, the Republicans also agreed to the same thing. The matter has been settled, in that the loyal Republicans of Polk will meet promptly at 1:30 o'clock and quickly pick their eleven candidates for township offices. They will then give way, not later than 2:30 o'clock to the Democrats, according to announcement made this morning by John M. Dawson, chairman of the Democratic committee.

To Fill 11 Offices.

The township election, which is to be held Tuesday, March 30, will be to select two members of the township board, besides a trustee, an assessor, a collector, a constable and five justices of the peace. Only seven announcements have so far been made for township offices, five of them being for collector and two for assessor. Five are Democrats and two are Republicans.

They are W. L. Robey, J. H. Thorp and W. A. Burris, Democratic candidates for collector of Polk township, and Ed F. Hamlin and E. E. Tilton, Democratic candidates for assessor. The only Republicans who have announced are Clarence Green and C. L. Gann for collector.

The present township officers are: Harvey Bainum, trustee, Ernest Wray and E. P. Powell, members of the township board; Ed F. Hamlin, assessor; F. S. Grundy, collector; Richard Snyder, constable; R. L. McDougal and Warren L. Johnson, qualified justices of the peace.

New Township Board Promised.

While no official announcement has been made; it is said that none of the present members of the township board will seek re-nomination. Mr. Grundy will not again seek election as township collector, either, it is said. Mr. Hamlin, present assessor, is again a candidate.

Mr. Snyder, will accept nomination again as candidate for constable, as will also Mr. McDougal and Mr. Johnson for justices of the peace. The majority of the Polk township officers are Democrats.

The two political parties of Nodaway county will also hold caucuses to nominate candidates for other townships within the next three weeks.

SPRING NORMAL TERM BEGINS.

Final Quarter Opens Today—Next Vacation April 2 to 6, Easter.

The spring quarter of the State Normal School was begun this morning with about the same number of students as were enrolled for the winter term which closed last Friday. A few of the winter and fall term students are not enrolled for the final quarter, but new enrollments made up for the decrease.

The next vacation the Normal students will enjoy will be the Easter recess which begins with the close of school Thursday afternoon, April 2, and continues until Tuesday afternoon April 6. The spring term will formally close, May 21, though little class work will be done after May 15.

WOODMEN TEAMS TO ST. JOE

W. O. W. and Circle Drill Squads to Compete for Fraternal Honors Today.

The drill teams of the Woodmen of the World camp and the drill team of women of the Woodmen Circle grove each with a full quota of sixteen and uniformed, left this morning for St. Joseph, where they will compete today for prizes in the Fraternal week competitive drills. Teams from various fraternal lodges will contest, many coming for many miles to enter.

The drill contests which the Maryville teams will enter, will begin about 3:30 o'clock this afternoon. Both will be captained by Ezra Phipps, though Chester Bennett was recently chosen captain of the W. O. W. team.

WOULD JOIN COUNTY LINES

Will Be Discussed at Annual Meeting of People's Union Here March 13.

A proposition to form a union of the various exchanges to better telephonic service over Nodaway county will probably be discussed and some action probably taken in this regard, at the annual meeting of the People's Telephone Union, to be held in the circuit court room of the courthouse here, Saturday, March 13. Officers for the ensuing year will also be elected at that time.

The present officers are: W. O. Garrett, president; A. H. Hughes, secretary; Alfred Shackelford, treasurer. As Mr. Shackelford is preparing to move to Tarkio, he will not seek reelection.

The Union was in fairly good financial condition until the recent snow and wind storm, which broke many wires and dragged down poles, causing an estimated loss of several hundred dollars. Service is nearly normal again, however.

D. S. HOLMES DEAD.

Had Been Resident of County 51 Years To Hold Funeral Thursday.

D. S. Holmes, aged 82, died at 12:25 o'clock this morning at the family residence on West Second street, his death following a six months illness with paralysis.

The funeral services will be held at 1:30 o'clock Thursday afternoon at the First Methodist church, conducted by the Rev. Gilbert S. Cox. The interment will be made in Oak Hill cemetery.

Mr. Holmes was born October 5, 1833 in Highland county, Ohio. In 1856 he was married to Miss Sarah M. Cox. Ten children were born to this marriage. Three died in infancy and the others with the exception of three have died since that time. The surviving children are H. C. Holmes of Portland, Ore., Mrs. A. Mitchell of Elkhart, Texas, and Mrs. G. H. Hargrave, of Barnard. One daughter, Mrs. Francis Hunt, died a few years ago at Lamar, Colo.

On May 4, 1893 Mr. Holmes was married to Mrs. M. E. Craig of Skidmore who survives him.

Mr. Holmes had been a resident of Nodaway county since 1864. For a few years he lived on a farm and the remainder of the time in Maryville.

TO VISIT HERE ON RETURN.

Homer Croy and Bride Pass Through to Pacific Next Week—Stop in April.

Homer Croy, Maryville's contribution to the motion picture and journalistic world, and his newly found bride, will leave New York City for California next Monday morning, according to word received here by A. J. Croy, the father of the prodigy. They will go in a special train filled with authors, humorists and motion picture stars to see the San Francisco and San Diego expositions.

On account of it being a through train with no stops, Mr. and Mrs. Homer Croy will not stop here to visit Homer's parents at that time. They will stop off in Maryville on their return to New York City the latter part of this month or the first of April, however, it is said.

Miss Nelle Hudson, one of the city school teachers, is ill with a severe attack of grip.

SCORE WILFUL SIN

CHRISTIAN EVANGELIST EXPLAINS THE "UNPARDONABLE" CRIMES

WAS DEATH NECESSARY?

Charles Finch Will Give Views Tonight on Necessity of Christ's Sacrifice. Special Music Planned.

At the conclusion of the revival services at the First Christian church last night the ordinance of baptism was administered to a number of converts. The feature of the musical program was the singing of a duet by Mrs. R. L. Finch and Harry O. Fritz.

The topic for tonight from which the evangelist, the Rev. Charles O. Finch, will preach is, "Why Was It Necessary That Christ Should Die?" Last night the Rev. Mr. Finch spoke from the subject, "The Unpardonable Sin," saying in part:

The Personality of the Spirit.

"The question of the unpardonable sin is a question of the personality, office and work of the Holy Spirit. Let an individual understand that and there is no difficulty with the other."

"Many have thought that because they referred His power to evil sources saying that He cast out demons by being in league with the devil that this was the sin against the Holy Spirit. But if they had committed that sin in this charge Jesus on the cross would not have prayed for their forgiveness."

"I cannot sin against a ruler unless he is a ruler. I cannot break a law given by man who has never given a law. Neither can I sin against the Holy Spirit until the Holy Spirit has forbidden some sin."

The Christian Dispensation.

"Jesus was not yet glorified. His glorification follows His ascension. The age of the Spirit began then when the Spirit came. This occurred on the day of Pentecost when the Spirit used the Apostles as the medium through which His will was revealed. No one therefore, could have sinned against the Holy Spirit until the Spirit's rule began. Moreover, whatever they did that is to say, in what ever manner they legislated for men on earth their acts should be confirmed in heaven. The above shows how definitely the Spirit's reign was to be established so that all the letters to the churches appear as the words of the Spirit from the mouths of inspired men. When ever we break any one of their commands we sin against the Holy Spirit."

The Unpardonable Sin.

"Any sin, therefore, may become the unpardonable sin if by continual committing, it becomes wilful disobedience to God. The Holy Spirit forbids stealing, lying, blasphemy, jealousy, drunkenness, adultery, covetousness, false witness, gambling besides many sins of commission and omission which surrender ones life to the service of the devil instead of God. Any one of these sins may make a rebel against God of any man. For the man who is not a Christian the employment of sin then is failure to accept Christ; for the backslider it is sinning wilfully after one has come to the knowledge of the truth for then as the Apostle says, 'There remaineth no more sacrifice for sin.'"

WON'T BE SPECIAL SESSION

Governor Major Declares He Will Not Reconvene Legislature Under Any Circumstances.

There will be no special session of the state legislature, even if it does not pass another measure, before adjournment March 15, according to an announcement made yesterday by Governor Major in St. Louis.

"They've got plenty of time in which to pass the constructive legislation needed, and if they are unable to do this in 70 days, they would be no better able to do it at a special session," the Governor declared. "Under no circumstances will I convene a special session, and that power rests with me alone."

Only 14 working days of the present session remain, and so meager is the chance that much of the important legislation can be reached in this period that the talk of an extra session has been given considerable credence.

STATE AID \$16,180

NODAWAY SHOULD RECEIVE SUM FOR BRIDGE WORK 1914.

PLAN NEW CULVERTS

Retiring Highway Engineer Says Material Valued at \$2,191.74 Remains Suggests New Work.

A total of \$16,179.95 was expended by Nodaway county during 1914 for permanent bridge work, which should be duplicated by the state out of the State Aid Fund, according to the final report of John H. Clary, retiring county highway engineer, which was made today to the county court.

It will be necessary for the county board to complete plans, specifications and reports in duplicate, and submit certified copies of these to the state auditor before July 1, however, before such requisition will be made, Mr. Clary says.

The county now has on hand supplies tools and material of an estimated value of \$2,191.74, according to Clary's report.

Continuing the report, relative to state aid possible, Clary says:

"Those bridges and culverts costing more than \$500 must have the plans approved by the state highway commissioner complete at this time and the information is available for the balance. Plans of the other work planned for 1914 and 1915 should be included in this requisition as a part of this improvement plan."

"The following culverts with approximate location and township were contemplated for 1914 but are as yet uncompleted. All or part of the material is now on the ground. They are at Enzley Buzzard's, Atchison; Mart Young's Hopkins; Ozoro Gray's Hopkins; one mile south of Pickering; George Barber's 1 1/2 miles west of Parnell; two miles east and 1/2 mile south of Gaylor City; Preston Seafar's 1/2 mile west of Harmony, Jackson township; Samuel Griffey's, Jackson; Solomon Hawk's, Washington, and W. F. Westfall's corner, White Cloud."

Plans are also under way, according to Clary, for the removal of the steel bridge from near the farm of Solomon Hawk to that of Wallace Moore in Washington township, and at the Westfall corner to J. Wares, in White Cloud township.

"There are a number of other bridges and culverts which need immediate attention," concludes Mr. Clary.

MRS. DEARING BURIED.

Funeral Services Held At Barnard—Body Taken to Oklahoma.

The funeral services for Mrs. Mary Dearing of Barnard, who died Thursday, were held at 2 o'clock yesterday at the Dearing home, conducted by the Rev. Lewis M. Hale, pastor of the First Baptist church. The body was taken to Kingfisher, Okla., where it will be interred beside that of her husband, who died a number of years ago.

Mrs. Dearing was born in Page county, Va., September 23, 1824. After her marriage to Mr. Dearing in 1848, they came to Missouri to live. Mr. Dearing established the Barnard bank and remained at president of the institution until 1893 when they moved to Kingfisher, Okla.

After Mr. Dearing's death in 1889, Mrs. Dearing returned to Barnard to live. Mrs. Dearing was a devoted member of the Baptist church. Two of her brothers were Baptist ministers, both having lived in Maryville and preached in churches there in surrounding towns. One brother, the Rev. J. S. F. Wood, is now a resident of Santa Anna, Calif.

Beside four children of her own, Mrs. Dearing reared three of her brother's children, who were left motherless when very small. The children are J. A. Dearing, of Shawnee, Okla., M. G. Dearing of Hennessy, Okla., Mrs. J. F. Pruyne and Mrs. Emma Kerfoot of Wichita, Kan., C. L. Wood, one of the adopted children, living at Alzada, Mont., came to attend the funeral and accompanied the others of the family to Kingfisher.

NAME ROAD COMMISSIONERS

Court Places J. W. Praisewater, Burlington, and Andrew Bliley, Clyde, on County Board.

J. W. Praisewater of Burlington Junction, formerly representative and Andrew Bliley, who lives east of the Catholic convent at Clyde, were appointed on the Nodaway county highway commission by the county court yesterday afternoon to replace vacancies. They will succeed E. H. Bainum of Maryville, president of the commission, who resigned last week on account of lack of time to give to the work, and Samuel Conlin until recently of Barnard, who has moved to Pasadena, Cal.

Their terms would have expired in April, each being appointed for two years, when the county commission was established two years ago. The other member was John H. Clary, county highway engineer. He is succeeded automatically this week by J. E. Reese, newly appointed highway engineer.

The new members will elect a president and secretary soon, in place of Bainum and Clary.

DESERTED; SEEKS DIVORCE.

Frank Schaffer Says Wife Left Him After Two Years.

A suit for divorce on the grounds of abandonment, was filed in circuit court this morning by Frank Schaffer, whom he says he married in Omaha, December 19, 1907. She left him January 2, 1910, he claims.

BURLINGTON RESIDENT DEAD.

Funeral Services for August Geise to Be Held Tomorrow.

The funeral services for August C. Geise of Burlington Junction, who died yesterday, will be held at 2 o'clock tomorrow afternoon at the family home conducted by the Rev. W. H. Rust.

Mr. Geise had been a resident of Burlington Junction for the past twenty five years. He is survived by a wife.

S. K. MCBRIDE WANTS DIVORCE.

Husband of Former Mary Saunders, Alleges She Has Neglected Duties.

A suit for divorce on the grounds of desertion and neglect of duties, was filed in circuit court late yesterday afternoon by Sylvester K. McBride of this county, against Mary L. McBride, now of Rushville. Her maiden name was Saunders.

They lived together, he claims, but seventeen days, being married December 28, 1914, and separating January 14, 1915.

BURKE RITES HELD.

Services at St. Benedict's Church, Clyde, Yesterday Morning.

The funeral services for Mrs. John Burke of Clyde, who died Saturday, were held at nine o'clock yesterday morning at St. Benedict's church. The interment was made in Columbia cemetery.

Mrs. Burke was born in 1832 in Limerick county, Ireland. She is survived by her husband and seven children. The children are John of Gilman City, Thomas of St. Joseph, Michael of New York, Mrs. J. P. Smith and Mrs. Doyle of St. Joseph and the Misses Mary and Josephine Burke of Clyde.

TELEGRAMS SHOW FILING TIME

Western Union Abandons Code System for Public Noting, Free.

Beginning yesterday all telegraph messages transmitted by the Western Union Telegraph Company will bear the hour at which it was filed at the sending station, and will be sent over the wire free of charge.

The Western Union for some time has used a secret code of filing time between stations for checking purposes. The improvement in service was so marked that it was made permanent. Several states have by law compelled messages to bear filing time and a charge was made for that service. The company decided last week to abolish the code and take off the charges of the service, and telegraphic notice of the change was sent over the entire Western Union system yesterday.

Mr. and Mrs. B. B. Staples and Mrs. N. I. Staples of Burlington Junction, spent the day visiting friends in Maryville.

Frank McKee and family of Barnard, were shopping in Maryville today.

RESUME ATTACK ON DARDANELLES

ALLIES AGAIN BOMBARD TURKISH FORTS—DESTROY BATTERIES.

RUSS TOOK 11,000 GERMANS IN RETREAT

Many Teutons Taken Prisoners When They Flee From Przrasnyzn—Romania to Aid Triple Entente.

By American Press.

Paris, March 2.—The Allies have resumed the bombardment of the inner forts of the Dardanel straits this morning, after a day's delay on account of bad weather. Several batteries of the Turks have already been destroyed and the fight for advancement towards Constantinople continues slowly.

Fear among the Turkish people continues to increase as the enemy draws nearer, it is reported from Athens, and riots are numerous. A strong resistance will be met, it is believed, however, before the Allies can gain the sea of Marmaros.

Special to the Democrat-Forum.

Paris via London, March 2.—An engagement has been reached between France, Great Britain and Russia regarding the future status of the Dardanelles, according to the Temps. This would give Russia free passage of the Turkish straits, and would permit of the shipment of withheld grains on the Black Sea.

By American Press.

Petrograd, March 2.—The Russians claim that 11,000 German prisoners have been taken in the pursuit of the Germans from Przrasnyzn. The Russians also have begun another offensive movement against the Teutons in Galicia and Bukovina, it is reported.

Special to Democrat-Forum.

Paris, March 2.—The Roumanian government is preparing to enter the war on the side of the Allies, according to a dispatch from Bucharest. The Balkan country probably would enter the field about April 1. Ten classes of reserves have already been called out for March 13, and seniors in military colleges have entered the regular ranks.

WEDS WOMAN SECOND TIME

Dr. J. E. Neely, Elmo, Marries One For Which He Went to "Pen."

Dr. J. E. Neely, a physician of Elmo, who was convicted and sentenced to the state penitentiary in circuit court here, in October, 1913, charged with having married Miss Bessie K. Williams of Plattsburg, illegally, was remarried to Miss Williams yesterday on his release from the penitentiary. The marriage was performed at Jefferson City, by the state chaplain.

Dr. Neely asserted on the stand here, in his trial for bigamy that he married Miss Williams, believing that his first wife had obtained a divorce. Dr. Neely will return to Elmo and resume his medical practice, according to a letter received Sunday from Dr. Neely by the Democrat-Forum.

He was sentenced to the penitentiary for two years but was pardoned yesterday by Governor Major, thereby cutting off seven months of his allotted time. Dr. Neely had been held in high esteem by the citizens of Elmo.

The pardon to Dr. Neely was granted by Governor Major because of the Elmo physician's good work while there and because of the valuable medical services he rendered to the convicts in the penitentiary.

In his letter to the Democrat-Forum Sunday, Dr. Neely paid high compliments to the welcome which the local paper received in the prison and of its aid in keeping him hopeful and cheerful, through the long wait for freedom.

PROVIDES COUNTY AUDITORS.

State Bill Engrossed to Compel Inspection of Officials Books Every 4 Years.

A bill requiring the state auditor to make an audit of the books of every county and of every state institution, including the university, every four years has been engrossed in the house of the state legislature. The bill gives him authority to appoint twelve field examiners to travel over the state and make the audit.

A bill passed two years ago required an audit of state institutions and authorized a county audit on petition of the county court of three hundred taxpayers. The bill as drawn by Auditor Gordon provides for a compulsory audit in each county.

It provides the county shall pay \$3.50 a day for each examiner and the state that amount into the fund to pay the expenses of the work. The house voted 65 to 55 to engross the bill, indicating that the measure will have a close vote on final passage.

England Closes Teuton Ports to

NO RISK TO NEUTRAL VESSELS

Allies Have No Intention of Confiscating Ships or Cargoes Except in Case of Liability—No Time Now to Talk of Peace, Says Asquith.

WAR SUMMARY

The plan of Great Britain and its allies to cut off supplies from Germany and prevent commodities from leaving German ports has been announced and communicated to the United States. This is in retaliation for the declaration of Germany of a naval war zone.

Washington will protest against the action of the allied nations, which is regarded as an unprecedented and novel step and one likely to work injury to commerce between the United States and the countries with which it is at peace.

The British parliament voted \$1,810,000,000 asked by Premier Asquith for the prosecution of the war.

An agreement that will give Russia free passage of the Dardanelles has been reached between Great Britain, France and Russia.

Storms hinder operations in France and Belgium.

London, March 2.—The vote of credit asked by the government, £250,000,000, the largest ever put before the house of commons, was adopted unanimously.

The establishment of a virtual blockade of hostile countries is Britain's reply to Germany's attacks on merchant shipping, as announced officially by Premier Asquith in a momentous speech in the house of commons.

The plan of the allied governments for the regulation of shipping to and from ports of hostile nations contemplates the prevention of commodities of every kind reaching or leaving those ports, without, however, involving risks of neutral vessels or their crews. The allies will hold themselves at liberty to capture goods presumed to have come from hostile countries or deemed to be destined for them. They have no intention, however, of confiscating ships or cargoes which are detained, unless they are liable to confiscation under normal conditions of war.

Referring to the German naval campaign against British shipping, Premier Asquith declared that Germany had violated systematically all the conventions intended for the mitigation of warfare. It had taken further steps, the premier said, by organizing "an under-sea campaign of piracy and pillage." Germany, he declared, was not blockading and could never blockade English shores.

Referring to what he termed whispers of peace, Mr. Asquith said it was not time to talk of peace; that this time would arrive "only when the great purpose of the allies is in sight of accomplishment."

Referring to the attack on the Dardanelles, the premier said there had been no impairment of strength of the allies in France or in Flanders as a result of withdrawals of men for service in the campaign against Turkey.

Protest to Be Made.

Washington, March 2.—The impression was general in official quarters that a strong protest would be made against the action of the allies, which was regarded as an unprecedented and novel step. Officials pointed out that in the reprisals which the belligerents were making toward each other there was a singular forgetfulness of the fact that whatever might be the violations of international custom as between those countries at war, this would not affect the status of international rules as between the United States and countries with which it was at peace.

HINDENBURG ARMY IS SPLIT

Petrograd Dispatch Says German Forces in East Prussia Divided.

London, March 2.—A Russian cavalry movement succeeded in cutting the German East Prussian army in two at the village of Krasnoll, says the Daily News correspondent at Petrograd. The Germans are now divided into two parts, with a considerable gap between them.

The main Austrian army also is in a dangerous position, owing to the sudden offensive taken by the Russians in Galicia. The Russian force made a rapid advance and threatened the main Austrian headquarters near Stanislaw and the Austrians are now retreating through Kolomea toward Bukovina.

GERMAN REPORT ON
PROGRESS OF WAR

Berlin Claims French Are Using
Poisonous Gas.

Berlin, March 2.—The official announcement on the progress of the war given out in Berlin says:

"Western arena: Near Wervico, north of Lille, an English flying machine has been forced to descend by our fire. At a certain part of our front the French have made use, as they have done on previous occasions, of a particular kind of shell which on exploding throws out evil smelling and poisonous gases, which, however, do no damage.

"Our positions in the Champagne country were repeatedly attacked by at least two army corps. These forces were repulsed after fierce fighting at close quarters. In the Argonne we captured mine throwers. Between the eastern border of the Argonne and Vaunois the French made five attempts to break through our lines. All these attacks were broken down, with heavy losses to the enemy.

"The positions which we have occupied to the southwest of Balonville have been retained in spite of the attempts of the enemy to recapture them.

"Eastern arena: We repulsed Russian attacks north of Consha and northwest of Ostrolenka. Otherwise there was nothing of importance to report."

VIOLATED CUSTOM LAWS

Hamburg-American Line Indicted on Conspiracy Charge.

New York, March 2.—The federal grand jury which has been investigating violations of the customs laws in connection with the furnishing of supplies to German cruisers in the Atlantic returned an indictment against the Hamburg-American line and six men alleged to have been connected with the shipment.

The indictment charges conspiracy to defraud the government through filing at the customs house of false records, false clearances of vessels and false manifests of cargoes.

The men named in the indictment are Earl Bunz, director in charge of the Hamburg line; J. Poppenhouse, who served as supercargo on the steamship Berwind; George Kotter, Felix Seifner and Adolph MacMeister.

Villa Takes San Mateo.

El Paso, March 2.—A battle between Villa and Carranza troops at San Mateo, Chihuahua, and the capture of Acambaro, Guanajuato state, is reported in a brief telegram signed by Francisco Villa received here.

AMERICAN SETTLERS
IN CANADA LOYAL

Ottawa, Ont., March 2.—William A. Buchanan, member of the Dominion house of commons from Lethbridge, Alberta, declared in parliament that "the thousands of American settlers who have come into western Canada in the last few years are absolutely loyal to the British empire and in thorough sympathy with the efforts of England and its allies to overthrow the power of Prussian militarism.

"We who live in the west," Mr. Buchanan added, "have found that the Americans are as willing as the Canadian or the British born to contribute their means and to send their sons to help England win. Recently there has been a striking demonstration of this loyalty. In Lethbridge, Alberta, the town in which I live, a troop of mounted rifles has been organized for service at the front. There are six officers in the troop and every one of the six officers is a native born American. In the ranks of the troopers there are many more Americans."

AMOLOX THE
NEW DISCOVERY

Many Cures Reported Daily in Towns
Where It Is Known.

The wonderful cures that are being made by this remarkable new remedy are almost beyond belief.

A young lady from Ottumwa, Iowa, for many years suffered from a bad case of eczema. Her face was a sight to behold; all covered with red blotches, pustules and pimples. So unsightly was her appearance she gave up all social life. Failing to find relief with doctors and remedies, she became despondent and discouraged. After a few weeks' treatment with liquid and ointment the scaly redness disappeared, pustules healed and she was entirely cured. A few months following her mother wrote that Amolox had done wonders for her daughter, and she was married last week.

This is only one of the many cases that are being reported in towns where Amolox has been introduced and its merits have become known. Amolox Ointment will quickly banish pimples, blackheads and all minor skin troubles. Bad cases of Eczema, Psoriasis, Tetter and skin diseases lasting for years, should use both ointment and liquid to effect a cure. Trial size, 50c. Guaranteed by Orear-Henry Drug Co.

GUARD AGAINST DISEASE.

Veterinarians Watch Vigilantly to Keep
Stock Maladies Out—Nodaway
Men at Work.

The State of Missouri is guarded like a camp in a hostile country; the borders are patrolled, and not a cow can come into the state without a clean bill of health says an article in the St. Joseph Gazette.

For the state is on guard, not against a human enemy, but against the foot and mouth disease, and every possible precaution is being taken to keep the malady out. Not even a mover with a single old cow could cross the bridge across the Missouri river at St. Joseph without being challenged, and the watch at other river points is just as strict. There are thirty veterinarians on the job, and persons who have tested their vigilance, have found them on the job.

Curious Must Pay.

One such person attempted to ship cattle from Iowa to Missouri markets, and woke up to discover his shipment held up in the yards at Gault and himself under arrest. The matter ended by his taking a \$50 fine and being glad to ship his cattle back into Iowa. Prior to that he had boasted that he could evade the quarantine against his state.

The patrol was thrown around the north half of the state February 12, and was airtight within twenty-four hours after the legislature had created an emergency fund of \$5,000 for that purpose. There now is a bill before the assembly to create an additional emergency fund of \$100,000 to be used on proclamation of the governor and for the purpose of stamping out an epidemic, should one break out. This is in addition to the bill raising the maximum indemnity to \$40 for scrub stock and \$200 for pure breeds where the state has to step in and kill the animals.

Danger Still Exists.

While the state has now got the situation pretty well in hand and the authorities are breathing a little freer,

there is still a great menace from the disease. On three sides of the state epidemics are raging, and it will take the strictest sort of watch to keep the state free.

Occasionally the reports are reaching the officials that the malady has made its appearance, but so far these all have been found to concern a dis-

ease that results from moldy silage, and which has similarly premonitory symptoms.

Illinois has appropriated \$1,000,000 to fight the disease and Kansas has a fund of \$250,000, so that Missouri will not, even if its bill passes, be so well equipped with money as it probably ought to be.

FORT DARDANUS IS SILENCED

Fleet of Allies Twelve Miles Up Dardanelles.

WEATHER DELAYS OPERATIONS

Serious Rioting Suppressed in Turkish Capital After Many Arrests Are Made—One Marine on Battleship Vengeance Killed.

London, March 2.—According to the Daily Mail's Athens correspondent Fort Dardanus, twelve miles up the Dardanelles, on the Asiatic side, has been silenced by the allied fleet.

The correspondent adds that diplomatic reports from Constantinople indicate that serious rioting there was suppressed after many arrests had been made.

An admiralty report says that one marine was killed and three were wounded on the British battleship Vengeance in the attack on the Dardanelles forts.

The attack of the allied fleet on the Dardanelles has been interrupted. The British information bureau issued a statement saying that the operations were being delayed by bad weather.

The statement follows: "The secretary of the admiralty makes the following announcement: The operations in the Dardanelles are again delayed by unfavorable weather. A strong northeasterly gale is blowing, with rain and mist, which would render long range fire and aeroplane observation difficult."

TSAMPING OUT STOCK PLAGUE

Illinois Is Greatest Sufferer From Foot and Mouth Disease.

Chicago, March 2.—Federal and state officials expect to stamp out the foot and mouth disease in Illinois by the end of the present week, when the last infected animals will be slaughtered.

But five herds remain to be killed. Bills appropriating \$5,000,000 to reimburse owners has been introduced in the legislature.

Figures compiled by the United States bureau of animal industry, showing the situation regarding the foot and mouth disease in the different states affected as existing Feb. 16, proved Illinois to have been the greatest sufferer. Illinois, according to the report, had fifty-one infected counties, 658 infected herds, 22,950 cattle, 680 sheep, 27,840 swine, a total of 51,432 infected animals.

SELL WHEAT AND EAT CORN

Patten Tells Los Angeles Audience Farmers Should Take War Prices.

Los Angeles, March 2.—"Let the United States sell all its wheat to Europe at war prices and get rich."

This was the suggestion of James A. Patten of Chicago. He says America can get along without any wheat, because corn is as nourishing and just as easy to cultivate.

According to Patten, the price of bread in the United States during the next few months depends on the battle in the Dardanelles.

Wife of Stegler Is Discharged.

New York, March 2.—Mrs. Richard P. Stegler, arrested at the Grenoble hotel on a charge of felonious assault, made by Arthur Matelket, reporter for a German newspaper, was discharged later in the police court. Had certain evidence been made more definite, the magistrate said, he would have been inclined to send her accuser to the workhouse.

Wilson Signs Pension Bill.

Washington, March 2.—President Wilson signed the pension appropriation bill, carrying \$164,000,000. It was the first of the large appropriation bills to reach the president.

MARCH IS LIKE A LAMB.

Spring Like Weather Ushers in Month—Indicates Bad Ending According to Tradition.

If tradition is to be believed, March will end like a lion, with blizzards, snows and cold breezes predominating this year. For the month came into existence in Maryville yesterday with all the glad rags of springtime showing. Though snow and ice showed on the landscape and streets the high temperature of the day and balmy air suggested more of spring than of winter. The maximum temperature was 40 degrees above and the minimum was 22 degrees below zero, yesterday.

But today, indications for a continuance of the springlike weather are not so good, and the lion may already be chasing the lamb.

WOULD BE SUDAN KING.

James Pistole, Hopkins Banker, Becomes Enthusiast Over New Forage Crop.

James C. Pistole, cashier of the Farmers and Merchants bank of Hopkins, has become a raving enthusiast over Sudan grass, the new forage crop, which just now is being so exploited in the Southwest, according to the Hopkins Journal.

Mr. Pistole owns considerable land near Hopkins and has one small tract where the big red barn stands at the west edge of the city where he expects to make "his killing."

Sudan grass is what he expects to grow and as the seed comes at about \$2 a pound, he will begin in a small way. The seed comes from the Sudan Islands and has been tried out and proven "worth its weight in gold" in this country.

Henry Field, the Shenandoah seed man, sowed a half pound of it on two-fifths of an acre last season and threshed over 300 pounds of grass seed and as it sells as above stated at a big price, it will be seen that he made good money. Mr. Pistole has a pound of the seed and ought to be able to raise at least 600 pounds of the seed the first year on an acre of ground so if he gets \$2 a pound for it, twelve hundred dollars will be fair return for an acre of ground and his original pound of seed.

When it is sown to produce hay or fodder crop, of course more seed is sown to the acre.

Seriously this crop promises to become very popular in this country as it will grow on any kind of soil. It is a cross between our millet and cane and has about the same feeding value as timothy hay, so when it is known that it yields from three to eight tons to the acre, it can't help but become popular.

It is a great drouth resister and is about as sure a crop as millet. It is different from alfalfa as it kills out in the winter and the ground has to be re-

seeded each time a crop is produced. Many farmers of the south and west believe this is the only crop, even placing it ahead of alfalfa from a dollar and cents standpoint.

CARRIERS URGE BETTER ROADS.

Fourth District Rural Mail Deliverers Endorse Administrations—Commend Road Drag.

Just before the adjournment of the winter meeting of the Fourth District Rural Mail Carriers' Association in St. Joseph a few days ago, the following resolutions were adopted:

Resolved that we endorse the administrations of both state and national officers and pledge them our support and co-operation.

Resolved that we favor national aid for roads and road building, and that we favor the more extended use of the King road drag or similar implement in road improvement.

Resolved that we oppose the practice of county courts in extending the time for working the roads and favor all work being done in time to allow the roads to pack before winter.

HOGS AND SHEEP PRICES UP

Cattle Sell Lower in Kansas City, Though Outlook in Livestock Is Reported Good.

Kansas City Stock Yards, March 1.—Fat cattle sold 30 to 50 cents higher last week, but there was some slowness at the end of the week, with prices a shade lower. Stockers and feeders found a good outlet at strong prices all week, practically as good as at any time since the first of the year. Receipts today are 11,000 head. Market steady to 10 cents lower on

fat cattle, and steady to unevenly higher on stockers and feeders.

Iowa is closed to stock cattle from this market, but otherwise there is a clear field, with minor exceptions, and the trade is on a healthy basis. This condition is a help to the whole market, it being a notable fact that when stocker and feeder trade was at its lowest point recently, then fat cattle were also at their low point. The main reason for weakness in fat cattle today is a large supply at Chicago, where the movement in shipping fat cattle east is still hampered.

Some native steers brought \$8.50 here last week, but nothing prime is here today, and the top is \$8.25, bulk of native steers \$7.25 to \$8.25, cows \$5.50 to \$6.50, calves \$7.50 to \$10.75, stockers and feeders largely \$6.50 to \$7.60. Some Colorado bulls sold at \$5.90, and quarantine steers at \$6.40 to \$6.80 were called steady. Good quar-

antines weighing 1,150 pounds are worth around \$7.25.

Hog receipts today are 13,000 head. Market 5 cents higher, top \$6.75, bulk \$6.60 to \$6.70. Order buyers paid the top prices for their hogs, packers stopping at \$6.70. Receipts are not burdensome, and there is a feeling that the price may advance, small stocks of lard pointing that way, together with expectation of smaller supplies of hogs at markets in the east. There is room for expansion of the export trade, and also the Southern trade and should either or both of these channels open up, advances will be inevitable.

Sheep and lambs made strong gains last week, and are selling 10 cents higher today. Bulk of the lambs sold at \$9.25 to \$9.35, top price being paid for some 97 pound lambs from Ft. Collins. Yearlings brought \$7.75 to \$8.35 ewes \$6.75 to \$7.20, new high prices for this year.

Receipts were 12,500 today, and moderate supplies in sight for balance of the week. Packers are selling all the by-products at record prices, especially wool, hence their willingness to pay the present range of prices highest on record for this time of the year.
